Opis wydawcy:

"The Owls Are Not What They Seem: David Lynch Tribute Remixes" is the continuation of the project "Now It's Dark: David Lynch Tribute" dedicated to the work of the filmmaker and musician David Lynch. The new release contains a double-CD collection of remixes of original compositions included in the first album... Like on the previous disc, new remixed versions were created by the musicians from different directions of the Russian dark scene: from ambient, noise and pure experimentalism to sharp rhythmic dark techno and post-industrial. The participants are: Arcuation, Regulär, Uhushuhu, Notum, Wunderblock, Neznamo, Sal Solaris, Mortart, Bionoid, Light Collapse, Reutoff, Mira Drevo, Riddika, Svetlo111, Alex Schultz, Lokodepo, Majdanek Waltz, Relic Radiation, Zima23, Lunar Abyss, Kshatriy... Each disc starts with a special "intro" written by the St. Petersburg-based project Anthesteria and the theremin player Peter Theremin - the great-grandson of the famous inventor who continues the popularization of his ancestor's instrument. Overall sound mastering was done by Arnold_pR (Reutoff). Artwork features images created by Barrett Biggers (barrettbiggers.com). The edition is limited to 300 copies.
